

North Carolina Division of Motor Vehicles Liability Insurance Services

Payment Receipt

Important Message:Your payment was received but further action is required.

The Division has received your payment. However, to completely clear the lapse, a FS-1 (Certificate of Insurance) form must be sent to NCDMV by your insurance company.

You must not operate your vehicle until the form is received. Failure to comply may result in your plate being seized by law enforcement. You are eligible to relicense your vehicle by paying the appropriate license plate fee and all other appropriate registration fees. You may also be required to pay a \$50 restoration and a \$50 service fee. The Division must have current insurance on file prior to you relicensing your vehicle.

NCDOT-DMV LIABILITY INS will be reflected on your account statement in reference to this payment.

Please print this screen for your records.
